

Instagram LIVE Template

So here's a simple template for doing a short LIVE Broadcast on Instagram...

You can see an example of me doing this in the MasterClass Video Training, Part 2 at the (30:40) mark.

- 1) Welcome your guests
- 2) Name a challenge or problem for your tribe
- 3) Suggest a solution - giving the what and the why
- 4) Invite them to a link to opt-in for a piece of the how
- 5) This one is so easy and Instagram LIVE is so popular you should do this often, at least once a week!
